Jeffrey Pennell, Alan Newman : Quick Review of Wills, Trusts, and Estates, 4th (Quick Reviews) before purchasing it in order to gage whether or not it would be worth my time, and all praised Quick Review of Wills, Trusts, and Estates, 4th (Quick Reviews):

0 of 0 people found the following review helpful. So lucid.... So elegant.. ...By Leland Grand BrooksSo lucid. . . . So elegant. . . .0 of 0 people found the following review helpful. RecommendedBy Joel GossnerThis book is not like most other supplements: it is comprehensive. In fact, we used it as the textbook, and my professor was one of the authors. The book does a nice job of summarizing the UPC without forcing the student to go look up every provision, lets the reader know differing trends in the law, and is very readable. One criticism: it may do more than is needed in noting the many different trends in the law, but it usually notes what the majority rule is, the one you'll likely need to know for your exam. The practice questions are also insightful.

Analysis of Wills, Trusts Estates, convenient for class or exam preparation. Provides clear and concise explanations of legal concepts and terms, along with exam hints, strategies, mnemonics, charts, tables, and study tips ? topics covered include intestacy, will execution formalities and contest, revocation, will contracts, will substitutes, construction, restrictions on disinheritance, trust creation and operation, powers of appointment, future interests, planning for incapacity , the Rule Against Perpetuities, wealth transfer taxation and much more. This title also Includes self-testing and diagnostic review questions, and Case Squibs, which are capsule summaries of significant cases identifying important facts, primary issues, and relevant law. Contains sample essay and multiple choice questions with model answers and detailed explanations.
