Editors of Real Simple Magazine : Real Simple: Celebrations before purchasing it in order to gage whether or not it would be worth my time, and all praised Real Simple: Celebrations:

32 of 32 people found the following review helpful. For the wannabe Party Giver!By lpI really, really enjoy this book! I adore looking at the pictures of Martha Stewart magazines with a wistful "someday." But, this book brings me "today!" The ideas are fabulous, but manageable and affordable! I consider myself inept at any creative decorating for the holidays, but always envy those who can. The book gives fabulous, yet simple, methods for making every party a success, whether for your two-year old or your annual neighborhood bar-b-que. Excellent pictures (and lots of them) and helpful tips!2 of 2 people found the following review helpful. Really simple, really great!By Bi-Mia C. ReidThis beautiful book does a great job of presenting nine fun party ideas. Nice touches like a ribbon book mark, and a "party by numbers" wheel that tells you how much an an item to buy based on number of guests attending make this book a must have. For the crafty- make your own invitations at the website ([...]). The best part of the book is the etiquette portion, which is all about handling sticky situations that can arise at a get together, like when someone is snooping through your medicine cabinet or letting their kids assault your glass coffee table. All in all a great party book.2 of 2 people found the following review helpful. Every home should have oneBy Pink.In.A.Blue.WorldWonderful! This book is so full of inspiring ideas for celebrating all sorts of occasions (seasonal/ birthday/ showers etc) that make you want to have many parties! I love entertaining and sometimes want to use some new ideas, when mine feel stale. This book has countless fabulous suggestions that are easy to follow. I would recommend it for everyone who loves the art of entertainment.

As every hostess knows, celebrations require planning and effort to pull off. This book is filled with smart solutions to take the hassle out of entertaining, so you can stay focused on what you are celebrating.
