Bryce Fisher : Rebuilding When Your Relationship Ends before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rebuilding When Your Relationship Ends:

7 of 7 people found the following review helpful. I was disappointed by this audio program
By Book User I was disappointed by this audio program. What I really wanted was the audiobook. This recording is not an audio book of the print book by the same name. It is a pretty short seminar by the author. It basically covered everything I already had time to read on the topic. I don't have a lot of time to read, but I have tons of time to drive and listen to audio books. This looks like it should be an audio book of the print book (Which is a great book!).
3 of 3 people found the following review helpful. BUY this Book!
By Tom George This book changed my life. I did it with a group in my church and this book helped me so much getting through my difficult divorce. It's like they knew my life and what I was going through. If you need help getting through this difficult time in your life, BUY this book! It works!
3 of 3 people found the following review helpful. Buy one for a friend!
By Delece Plumpton Hall I have bought many copies of this book to give away and it is the first thing I think of giving friends whose marriages have ended. A friend recommended it to me and I am profoundly grateful. The wisdom and kindness of the author (and editors) saved me years of struggling and set me on a path to a powerful new life.

If you're putting your life back together after a divorce, you need this book! an all new revised, updated and expanded

edition of a best-seller!
