Frans Pennings, Gijsbert Vonk : Research Handbook on European Social Security Law (Research Handbooks in European Law series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Research Handbook on European Social Security Law (Research Handbooks in European Law series):

The Research Handbook on European Social Security Law critically examines the various European dimensions of social security. The collection discusses a wide range of questions and dilemmas ensuing from the present state of European social security law, whilst at the same time identifying future lines of inquiry that are likely to dominate the discourse in the coming years. This Handbook encompasses numerous dimensions of European social security law, including: social security as a human right; standard setting in social security; the protection of mobile persons and migrants; as well as the global context of European social security law. It pays attention to both EU law and to various instruments of the Council of Europe. Throughout the book's chapters prominent experts analyse contemporary debates, discuss new challenges and point out further lines of research. Via this exploration, the Handbook provides a source of inspiration for the development of this special field of law. Covering a breadth of topic and research, scholars and practitioners alike will find this Research Handbook to be an invaluable source of information. Contributors: P. Borsj, S. Burri, P. Copeland, R. Cornelissen, T. Dijkhoff, E. Eichenhofer, O. Golyner, B. ter Haar, G. Katrougalos, I.E. Koch, D. Kochenov, E. Kohlbacher, H. van Meerten, A.P. van der Mei, M. Mikkola, M. Olivier, F. Pennings, D. Pieters, P. Schoukens, L. Slingenberg, G. Van Limberghen, H. Verschueren, G. Vonk, M. Westerveld

Written (only) by lawyers, the book can serve as a valuable research tool for scholars from the legal discipline. After all, as the last chapter states, 'European social security law is likely to remain a lawyers' paradise.' -- European Journal of Social Security
About the Author Edited by Frans Pennings, Professor of Labour Law and Social Security Law, Utrecht University and Gijsbert Vonk, Professor of Social Security Law, University of Groningen, the Netherlands
