Albert P. Melone : Researching Constitutional Law, Third Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Researching Constitutional Law, Third Edition:

0 of 0 people found the following review helpful. Five Stars By joseph murnaneok! jm.0 of 0 people found the following review helpful. SOON TO BE A MOTION PICTURE! By notrubharass I heard PT Anderson has commissioned this novel and it will soon be a MAJOR MOTION PICTURE! That should give you an idea of how good it is.

Knowledge of how to conduct research in constitutional law is valuable not only for legal professionals but for anyone interested in the political and legal systems of the United States. Melone introduces the process of legal research with clear, understandable writing aimed at the lay reader. This practical, convenient reference work guides students on every aspect of writing a quality research paper, from showing how to brief a legal case to explaining elementary quantitative analysis techniques. Also included are extensive lists of primary and secondary sources, summaries of leading Supreme Court decisions, and a sample student research design. Melone references the most up-to-date print and electronic legal research materials throughout the thoroughly revised Third Edition.
