David Armstrong : Revolution and World Order: The Revolutionary State in International Society before purchasing it in order to gauge whether or not it would be worth my time, and all praised Revolution and World Order:

The Revolutionary State in International Society:

What impact do revolutionary states have on the international community? This important study focuses on this question, showing major problems these states pose for the achievement of world order. It also examines whether the revolutionary state adapts to international standards of acceptable patterns of behavior or the international society is forced to change as a result of the emergence of these revolutionary states. The work also looks at the American, French, and Russian Revolutions, as well as several post-1945 revolutionary states to find the relationship between the revolutionary states and the principal ordering devices of international society.

"In a little over 300 pages David Armstrong presents a stimulating thesis about the interaction between revolutionary states and the rest of the world."--American Historical Association
About the Author David Armstrong is a Senior Lecturer in International Studies at Birmingham University.
