**Jason Del Gandio : Rhetoric for Radicals: A Handbook for 21st Century Activists** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rhetoric for Radicals: A Handbook for 21st Century Activists:

1 of 1 people found the following review helpful. A great handbook By odagr Like the title says, a great handbook for activists. It's already starting to feel a bit dated, but the overall ideas presented in the book are easily translated into newer social media etc. The book is accessible and easy to understand, no prior knowledge about rhetoric is

needed. I'm only giving it four stars, because of the formatting in the ebook. There's only one font and the text is full of hyphenation errors. Please fix that! 2 of 3 people found the following review helpful. excellent, very useful  
By Luisa I passed already a lot the age to whom the book is addressed, and I found there a precious help to improve my communication skills. My main "activist area" is against water privatization (water for all), and I recommend this book to everyone who is doing the same or similar strives. The book is easy to read, including for people "not english speaking", as I am (prefered read in portuguese, french or spanish). (NOTE: I read it in the kindle version) 0 of 2 people found the following review helpful. One Star

Rhetoric for Radicals is intended for college-aged activists and organizers, and for the most part it's written in a relaxed, approachable style. It does get a bit cerebral and academic in places - in demonstrating how the book builds on the previous literature - but this material is kept to a minimum. On the whole, Rhetoric for Radicals is an invaluable, comprehensive how-to book that will greatly benefit beginning and seasoned rhetors alike. Rhetoric for Radicals concludes on a hopeful note, with the wish that its activist readership will internalize the book's rhetorical tools and tactics, and will be that much better equipped to become "the rhetors of the past who created the future." And indeed, there can be but little doubt that this thorough, well-organized, accessible - and even personal - little handbook is the best instrument imaginable for fulfilling this purpose. - Frank Kaminski, EnergyBulletin.net Radicals have important messages to deliver, but they are often so caught up in the passion of their causes that they lose sight of effective communication which is their most powerful tool. The ability to speak with clarity and intelligence, without underestimating the challenge of breaking new ground and winning new converts, is crucial. Activists often suffer from a credibility gap because of their lack of a coherent message and strategic delivery. Rhetoric for Radicals addresses and helps solve these problems. It provides the tools to develop the all-important communication skills necessary to be effectively heard. If you accept that communication creates the social world, then you will agree that changing the way we communicate can change the world. Rhetoric for Radicals provides practical guidelines for public speaking, writing, conversation, persuasion, political correctness, propaganda analysis, street theatrics, and new languages. Chapters include: Streets, Rhetoric, and Revolution A Call for Rhetorical Action Skills for the Multitude The Power of Language Body Rhetoric Twenty-First Century Radical Rhetoric Geared to college-aged radical activists and organizers, this book will also appeal to activists of any age who want to sharpen their message. Jason Del Gandio is a lecturer at Temple University in Philadelphia. He is a post-Seattle activist who has worked on globalization and free/fair trade issues, anti-war campaigns, and Latin American solidarity.

null (2008-10-21) Radicals have important messages to deliver but are often so caught up in the passion of their causes that they lose sight of effective communication-which is their biggest tool. Crucial to the cause is the ability to speak with clarity and intelligence, without underestimating the challenge of breaking new ground and winning new converts. Activists often suffer from a credibility gap because of their lack of coherent message and strategic delivery. Rhetoric for Radicals addresses and helps solve these problems. It provides the tools to develop the all-important communication skills necessary to be effectively heard. If you accept that communication creates the social world, then you will agree that changing the way we communicate can change the world. Rhetoric for Radicals provides practical guidelines for public speaking, writing, conversation, persuasion, political correctness, propaganda analysis, street theatrics and new languages. Chapters include: Streets, Rhetoric, and Revolution A Call for Rhetorical Action Skills for the Multitude The Power of Language Body Rhetoric Twenty-First Century Radical Rhetoric Geared to college-aged radical activists and organizers, this book will also appeal to activists of any age who want to sharpen their messages.
