Gary A. Shulman : Rightfully Yours: Past-Due Child Support, Alimony, and Securing Your Share of Your Ex's Pension (Legal Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rightfully Yours: Past-Due Child Support, Alimony, and Securing Your Share of Your Ex's Pension (Legal Series):

1 of 1 people found the following review helpful. Five Stars By Debra J. Goodman Good information. 2 of 5 people found the following review helpful. SHOULD BE ABOUT COLLECTING PENSION By product lover I was disappointed with this book. I think it was advertised wrong. I bought it because I am trying to get past due child support. Well if the father works "under the table" this book is not going to do you any good. You should only buy this book if you trying to collect child support from someone with a career. 3 of 8 people found the following review helpful. Very useful... By A Customer I picked this book up, not as a wronged custodial mother or first wife, but as a

second wife, trying to anticipate ways that my husband's first wife might further try to take advantage of him. A great deal of press has been given to struggling mothers and downtrodden first wives, but no one pays any attention to the husbands who end up getting bled dry by their first wives. I found this book to be a great resource, not just for women looking to get what's "rightfully theirs", but also for men looking to protect what they've "rightfully earned" through hard work. I'm a social worker, so of course I agree that custodial parents should receive child support. But somehow, we've gotten the notion that women are automatically better parents simply because they're women and men are always abusive jerks. The only reason I don't give this book five stars is because Shulman seems to be cashing in on the pervading notion that all men are scum and deserve to be wrung dry. I happen to be married to wonderful guy who got taken to the cleaners and we're using this book to prevent him from being cleaned out. Having said this, I do recommend this book. It covers everything from military pensions, to retirement plans (QDROs), to railroad pensions and the information is very specific. I found it very informative.

If your ex-spouse owes you child support or alimony, this book will explain what your rights are and how to get the money you are rightfully owed. * Get what is owed to you * Learn why no money is no excuse * Do it without the expense of lawyers fees The estimated amount of unpaid child support in America runs into the billions of dollars. Even highly conservative sources say that at least 10 percent of non-custodial spouses dont pay their child support, yet the vast majority of spouses who dont pay their child support are not broke: they just claim to be! The struggle to obtain what is rightfully yours - financial support from your ex-spouse - can be fraught with tension, anger, and compromise. This book will make available to you the most powerful tool in collecting past-due child support and alimony without wasting thousands of dollars in legal fees. This book focuses on two important issues: 1. how to secure your share of your ex-spouses pension benefits earned during the marriage, and 2. how to obtain past-due alimony and child support payments from your exs pension, profit-sharing, or 401(k) savings plan. It explains the best-kept secret under United States federal law: the Qualified Domestic Relations Order (QDRO). A QDRO is the legal document necessary to obtain direct payments from your exs retirement plan(s). If you were awarded a portion of your exs pension benefits or if your ex is currently delinquent in child support payments, this book will be an invaluable resource. It covers topics such as: * What is a QDRO and why do I need one? * What are the different types of QDROs? * How much of the pension am I entitled to receive? * Am I entitled to receive my share of the pension for my entire lifetime? * Is it too late to draft a QDRO now, even though my divorce was years ago? * Can I use a QDRO to obtain past-due child support and alimony?

About the Author Gary A. Shulman, JD, is the countrys leading authority in the area of qualified domestic relations orders. He has drafted and reviewed more than 40,000 QDROS since their inception in 1984. As an ERISA attorney and nationally renowned author, he wrote the book on this topic for lawyers and judges across the U.S. Now he has written Rightfully Yours in simple English to help everyone in this situation secure the pension benefits that were earned during the marriage by their ex- (or soon-to-be ex) spouses and fight to collect the child support and alimony they rightfully deserve.
