John M. Wood, Paul Shaw : Saving Your Assets When You Can't Save Your Marriage (Financial Divorce series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Saving Your Assets When You Can't Save Your Marriage (Financial Divorce series):

According to a survey published in TIME magazine, the average net worth of married couples today, ages 51 to 61, is \$132,200. Those who are divorced average only \$33,700.
